MISSION

UP Education Network is a school success organization whose mission is to rapidly transform chronically underperforming district schools into extraordinary schools that sustain high achievement over time.

VISION

We transform schools into exceptional learning environments in partnership with families and communities. Students in our schools cultivate sharp minds, share their kind hearts, and explore their path and potential. UP graduates succeed on the path to college and pursue their passions.

OUR SCHOOL COMMUNITY **AT A GLANCE**

UP serves 1,500 students in grades pre-K- 8 across three campuses in Boston. Our students come from historically marginalized, underserved communities.
